PASSIONE,
SVILUPPO E
INNOVAZIONE

PASSION,
DEVELOPMENT
AND INNOVATION

“Siamo da sempre impegnati nel trovare soluzioni innovative per un vivere moderno, al passo con i nuovi spazi abitativi. Un arredo dinamico capace di soddisfare i bisogni delle persone nel corso della giornata.

Tutto ciò che facciamo deriva dalla nostra passione per l'innovazione.

Quando ho pensato la linea dei Trasformabili, volevo realizzare un sistema magico per trasformare una madia in un pratico e solido tavolo.

È nato così, grazie alla collaborazione con l'Arch. Giulio Manzoni, il primo sistema Trasformabile, l'apripista di un successo continuo”.

“We have always been engaged in finding innovative solutions for the modern life in order to anticipate the demands of new living spaces.

Crisp interior design able to satisfy people's requirements every day.

Everything we do derives from our passion for innovation.

When I was thinking about the Trasformabili line, I wanted to create a magic system, which would be able to convert a counter into a practical

and solid table. This way, thanks to the cooperation with Architect Giulio Manzoni, the first Trasformabili system was born: the forerunner of a continuous success”.
